

BITS BY MANI PRISON MINISTRY

A LOOK INTO THE LAST EIGHT YEARS....

ABOUT US

BITS is an acronym for 'Bringing In the Sheaves' by Mani. It is a registered NGO and was founded in April of 2017 by Mani. BITS by Mani is an Organization that seeks to help Incarcerated Individuals in our society regain their spiritual consciousness and self worthiness, by influencing their lives with the gospel of Christ and developing their minds through strategic interventions. We believe that once a person learns his or her true purpose and calling in life, they are forever changed.

The BITS Organization brings hope and healing to a wounded world.

BITS is an initiative that seeks to work through different yet interrelated programs with a view to providing employment and entrepreneurial opportunities to the inmates. Since inception, the BITS Foundation's empowerment programs have provided food, clothing, toiletries/daily supplies, educational grants, pro bono legal services, career skills training, business and entrepreneurial development training and equipping, vocational skills training, spiritual upliftment, counselling and mentoring, as well as post training follow up to released inmates, thus ensuring long term solutions to the challenges of crime, unemployment, lack of marketable skills and illiteracy.

ABOUT THE FOUNDER

Immanuella Ojeah, fondly known as Mani, is a dynamic lawyer who is currently the founder and Managing Partner of Manifold Solicitors, a Law firm based in Nigeria and has branches in Lagos, Abuja and Benin City. Her practice focuses on complex and civil litigation, corporate and commercial practice, intellectual property, Telecommunications and real estate law. Mani founded BITS in April 2017 and her vision is to bring about developmental changes to inmates and ex inmates by reaching out to different correctional facilities through strategic interventions. She has developed innovative methods and solutions in tackling issues such as illiteracy, mental poverty, and soul and spirit development. She also undertakes this work in her role as Ava Ministry's Chairman Board of Trustees and more particularly, as the Managing Partner in Manifold Solicitors. She also renders bono services to inmates in the prison who cannot afford representation. Through mission and ministry, she continues to bring empowerment and life-changing opportunities to numerous inmates and ex-inmates.

WHAT WE ARE ABOUT

MISSION

Our mission is to rehabilitate and reintegrate prison inmates back to the society and equip them with life skills required to assume personal responsibility for their Future. The objective of this initiative is to build economic capacity among the inmates who have little or no skills.

VISION

Our vision is to bring about developmental change to inmates and ex-inmates by reaching out to different correctional facilities through strategic interventions. We have developed innovative methods and solutions in tackling issues such as illiteracy, mental poverty, and soul and spirit development

VALUES

- Respect for human dignity.
- Integrity and reliability in all operations.
- Commitment.
- Social Justice.
- Equality and Equity.
- Wholeness and Inclusiveness.

OUR CORE

➤ BITS FOUNDATION

Monthly/Weekly Outreach -

Every Thursday, we visit:.

- **Ikoyi Prison** – 1st and 3rd Thursdays
- **Kirikiri Prison** – 4th Thursday

Each visit includes worship, teaching of the Word, prayers, counseling, and sharing of welfare items like food, clothing, and hygiene packs.

December Outreach

This is our biggest outreach of the year, reaching over **4,000 – 5,000 inmates within 3 days across Ikoyi and Kiri-Kiri (Male and Female)** with:

- Worship and Bible teaching, Medical care, Legal aid Food and gift packs, Distribution of Bibles and tracts, Toiletries etc

➤ BITS CHAMPIONS ACADEMY (A NEW INITIATIVE)

This kicked off in **2025** and runs every **Tuesday inside the prison**.

We identify inmates who show interest and growth during our regular visits and then take them through:

- Purpose discovery and identity
- Bible-based leadership
- Reintegration and life skills

Our goal is to help them grow spiritually and mentally, so they can return to society changed, focused, and ready to make a difference, we have volunteers who are trained professionals.

BITS CHAMPION ACADEMY

We recently announced the soft launch of a new long-term project: **The Bits Championship Academy**—a **school behind bars** initiative.

The Bits Championship is designed to prepare inmates for life after prison. With a curriculum focused on **etiquette, emotional intelligence, mental health, communication, and basic life skills**, we aim to equip prisoners with the tools they need to reintegrate into society with dignity and responsibility.

Our pilot sessions have already begun with support from professionals in mental health and behavior change, and the response has been overwhelmingly positive. However, we need help to scale and properly structure this vision. Your support will enable us to expand the program, provide materials, secure qualified facilitators, and ensure continuity across several facilities.
